

Exploring Your Potential™ (EYP)

QuickSTART Experience

Deliver a powerful career readiness experience in weeks, enabling students to launch robust professional portfolios!

What is Exploring Your Potential™?

A **"Force Multiplier"** for schools, EYP delivers real-time value to students by enhancing mobility and expanding access to opportunities.

The EYP Platform & Curriculum activate powerful career-connected learning in any class or group. In just weeks, EYP increases confidence, clarity, and ambition.

The EYP Experience places students at the center of their educational journey, ensuring they feel seen, heard, and respected for their individuality and preferences.

By creating a supportive environment where students can explore, reflect, acquire skills, and strategize their pathways through school to meaningful careers, EYP bridges the gap between education and aspirations.

QuickSTART Includes...

3 Student Modules - Spark dynamic discussions and promote actionable strategies through interactive activities, critical thinking exercises, and thought-provoking self-assessments. Includes Professional Development for instructors, too!

Benefits

Students are able to:

- Articulate aspirations and goals
- Design a clear map of next steps in their chosen industry and career
- Experience increased motivation, ambition and believe in their own potential
- Feel more confident and committed to their education

Instructors report:

- Improved engagement and attendance
- Real time data insights into their student's interests, goals, and challenges
- Dynamic and engaging class discussions
- Documented proof of impact

Launch QuickSTART for up to 2 classes and 70 students - only \$4,200!
